Display case, bulletin boards and hanging displays

General Policies

As part of its public service and information mission, the Ericson Public Library makes available a brochure shelf for handouts, display and exhibit areas, and bulletin boards. The use of these areas is intended to increase public awareness of the range of information available in the library collection and to make available information created by and of interest to the local community. When space is limited, preference is given to Boone organizations.

Displays, exhibits, handouts, and materials posted on bulletin boards are covered by the adoption of national statements of the Library. Materials displayed or distributed in public areas may advocate a position, but the display and distribution do not constitute endorsement of the materials' content by the Library.

All handouts or materials for public brochure areas and bulletin boards must be evaluated for compliance with guidelines. If questions arise about appropriateness of materials, the material will be referred to the Director. Unauthorized material may be discarded.

Specific Guidelines

1. All materials to be posted on the library bulletin boards must be approved by library staff or referred to the Director. Appeals to the Director's decision may be made to the Library Board, which shall have the final approving authority. All materials posted become the property of the library, and may be removed and discarded.
2. Acceptable materials to be posted include notices of the following:
 - A. educational, cultural, civic and community activities
 - B. public information activities and events
 - C. courses, classes, workshops and study groups
 - D. religious or political meetings and events
 - E. community/personal services, excludes for sale items such as cars or puppies, etc.
3. Unacceptable materials include any that contain obscenities or profanities, or promote hatred, violence, or discrimination.

4. Posting of materials does not imply endorsement by the library. Limited space may impose size restrictions on materials.
5. Artists, craftsmen, and collectors may be invited to exhibit their works or collections in the glass display cases or on the walls of the library. While the library will ensure that the cases remain locked while in use, the library cannot be held responsible for theft from the cases or the walls, for fire or water damage, or any other damage to exhibited items. The exhibitor assumes all risks associated with allowing his works or collection to be on exhibit and will be required to sign a release to that effect.

Emergency Responses

1. Fire

- A. In the event of a fire, staff will sound the alarm and make sure that all patrons exit the building. Dial 911 as soon as safely possible. Direct patrons to the nearest exit. If the fire is very small and in your judgment can be extinguished with a fire extinguisher, attempt to do so while working in teams of two, always keeping a viable exit to your back. If the fire area is known, and it is safe to do so, shut the door(s) to the fire area to reduce the movement of smoke and heat prior to exiting the building.
- B. Staff will assemble on the sidewalk across the street west in front of the Presbyterian Church. The Director or supervisory staff will verify that all of their staff is present. Staff shall remain assembled until advised by the Fire Department that the building is safe to reenter or until the Director or the senior library employee in charge dismisses the employees.

2. Tornadoes

- A. If the tornado warning siren sounds, staff will announce “this is a tornado warning, the shelter is on the ground floor.”
- B. Staff on first and second floor will get the flashlight from their circulation desk and go to the ground floor. Staff in the Children’s Department will get their flashlight. All will gather in the designated shelter area, the hall outside the restrooms.

3. Toxic Chemicals

- A. If the library is warned of a danger from toxic chemicals by the Boone Fire Department whether as a result of terrorist action or accidental spill, staff will follow the orders of the Fire Department or the County Emergency Management Office as to whether to evacuate or remain in the building.
- B. If staff remain in the building, supervisory staff will close the dampers and turn off the air handling system.

4. Other Emergencies

- A. For all other emergencies, the staff will follow the orders of the Fire Department, Police Department, or Emergency Management Office, as appropriate.

Unscheduled Closings

1. In the event of sustained loss of electricity, heating, or cooling, or when weather conditions of ice or snow make travel dangerous, it may become necessary and prudent to close the library building.
2. The Director shall make the determination to close. If the Director is not available, the following persons will be responsible for making the determination:
 - A. The Assistant Director
 - B. The Adult Services full time librarian if the Assistant Director is not available.
 - C. The Children's Librarian if the Adult Services full time librarian is not available.
3. Staff may call a Board member for counsel and advice, in the following order of preference: 1. Board President 2. Board Vice-President 3. Board Past-President 4. Any other Board member.
4. When it has been determined to close the library, the person making the decision will ensure that:
 - A. Radio station KWBG is notified
 - B. "Closed" signs are put on both doors
 - C. Staff members scheduled to work are notified

Security Camera Policy

The Library must offer a welcoming, open atmosphere and provide a quiet, comfortable and safe environment where people can use library facilities and collections for intended purposes to the maximum extent possible.

Security cameras are used where needed to provide peace of mind to library users and staff by discouraging violations of the Library's Behavior Policy, to assist library staff in preventing the occurrence of any violations, and when necessary, to provide law enforcement assistance in prosecuting criminal activity. The purpose of this policy is to establish guidelines for the placement and use of video security cameras, as well as the access and retrieval of recorded video images at the Ericson Public Library.

- Cameras are installed at library locations on an as needed basis.
 - Signs will be posted at Library entrances informing the public that security cameras are in use.
 - Security cameras may be placed in both indoor and outdoor areas where security staff and designated Library staff can randomly monitor activity.
 - Access to the footage in pursuit of documented incidents of criminal activity or violation of the Library's Behavior Policy is restricted to designated staff. Patron access to video footage is not allowed.
 - Production of video copies for distribution is limited to designated Technology and designated Administration staff.
 - Access is also allowed by police when pursuant to a subpoena, court order, or when otherwise required by law.
 - Designated staff may have access to real-time monitors. Images will be viewed on desktop monitors placed in secure areas to ensure private access.
 - Technology and Administrative staff need to refer all non-city requests for video footage to the City's legal counsel.
 - Security Cameras differ in their recording length, and will automatically record over themselves on an ongoing basis. Video records will not be maintained, provided no criminal activity or policy violation has occurred.
 - In situations involving banned-and-barred patrons, stored still images may be shared with staff system-wide. Shared images may remain posted in restricted staff areas for the duration of the banning period. After the banning period ends, these images are archived in the Administrative Offices for 5 years.
-

- Because security cameras are not constantly monitored, staff and public should take appropriate precautions for their safety and for the security of personal property. Neither the Ericson Public Library nor the City of Boone is responsible for loss of property or personal injury.
- Cameras may be installed in public spaces where individuals lack a reasonable expectation of privacy. Examples include common areas of the library such as entrances, book stacks, public seating areas, hallways, stairways, delivery areas and parking lots.
- Cameras may be installed in areas that could assist Law Enforcement in documenting traffic accidents or other incidents unrelated to the Library that take place on the public streets and surrounding properties within camera view. Examples include cameras on the exterior of a library building that not only document activity on Library property but also the sidewalk, public streets, and surrounding properties.
- Cameras are not positioned to identify a person's reading, viewing or listening activities. However, to the extent that any recorded images include identifiable persons requesting information or checking out an item, such record shall be treated as confidential as provided in Iowa Code §22.7 (13).
- Cameras will not be installed in areas of the Library where individuals have a reasonable expectation of privacy, such as in restrooms.
- Cameras will not be installed for the purpose of monitoring staff performance.
- Images will be stored for a length of time based on available storage but no longer than 21 days. As new images are recorded, the oldest images will be automatically deleted. The length of time varies depending on the camera's memory and recording length.
- Staff and patron safety is the first priority in any threatening situation. The protection of library property is of secondary importance.

Questions from the public may be directed to the Library Director.

A copy of this policy may be shared with members of the public upon request.

Who may use the Ericson Public Library

1. The library, its resources and materials are open for use to all residents of the city of Boone, residents of all towns in Boone County, all rural residents of Boone County, and all those residents of towns which participate in the State of Iowa Open Access Program. Non-residents not eligible for borrowing privileges may be eligible to purchase a library card for a fee established by the Board of Trustees. (See Fines/Fees Policy) A valid form of identification and proof of address must be presented at the time of registration in addition to the payment of the non-resident fee.
2. To serve varied interests and points of view, the library collection contains materials with a broad range of political, economic, religious, artistic, and philosophical viewpoints. Anyone, regardless of age, may select materials, including audiovisual materials, from any part of the library collection.
3. The library collection may include materials which parents may consider inappropriate for their children. It is the responsibility of parents to monitor their own children's use of library materials.
4. Parents may request that their minor children be restricted to checking out material from the Children's Department.
5. Unless specifically restricted by a written request from the parents/guardians, children may select materials, including audiovisual materials, from any part of the library collection.

Registration and use of library cards

1. Adult registration

Eligible persons may apply for a library card by filling out a registration form and displaying a current picture ID and proof of current address (voting card, utility bill, recently postmarked mail, or check with imprinted address). If the applicant has no proof of a current address available, the library card may be mailed to the applicant.

2. Children and Juvenile registration

A library card for a child under the age of 16 will be issued when the parent or guardian has signed the “statement of responsibility” card and proof of residence has been provided. The child must be present for the card to be issued. Guardians may be asked to provide documentation of guardianship. Minor children ages 16 and older may obtain a library card if they have acceptable identification.

3. Library card or picture identification required

A borrower must present valid identification to check out materials. If the borrower does not have their library card, they may present a picture ID card (such as a driver’s license). The staff will look up and verify the borrower’s record before proceeding with check-out.

4. Use of another person’s card

A borrower using another person’s card is considered to have permission to use that card unless we have had express notice that the card is lost, stolen, or restricted. A patron whose library card is suspended or has fines over \$10.00 (adult and children) may not use other family member’s cards or friend’s cards. The cardholder will be held responsible for all items checked out on the card before the date that the library is notified of the card being lost or stolen.

5. Change of address/telephone

It is the responsibility of the cardholder (or parent, if the cardholder is a juvenile) to notify the library of any change in address or contact information.

6. Library cards and expiration dates

Library cards are active for two years and then expire. If a card is expired, a patron will need to update their information. Patrons who have not used their library cards for a

longer period of time are taken out of the circulation system automatically. The library does not keep any of the patrons' information on file. Patrons who have a card but are not active in the system need to register as a new patron.

7. Library accounts may be closed after three years of inactivity and if all items have been returned and no fines remain.

Adopted November 15, 2004

Revised and approved August 19, 2024

Lost Cards

1. It is the responsibility of the cardholder (or the parent, if the cardholder is a minor) to notify the library immediately when a card is lost or stolen.
2. Until the library receives such notice, any use of the library card will be considered to be with the cardholder's permission, and the cardholder will be held responsible for items checked out on the card.
3. When the library is notified that a card is lost/stolen, staff will immediately stop service on the card and enter a notice that the card was reported lost/stolen, and the date.
4. If the library card is subsequently presented, the patron must show acceptable identification proving he is the cardholder, or the card will be confiscated.
5. If the lost card is not found, the patron may be issued a replacement card for \$1 upon showing acceptable identification.

Confidentiality of Library Records

The Board of Trustees of the Ericson Public Library recognizes the responsibility to protect the privacy of library users. Confidentiality is essential to protect the exercise of First Amendment rights. Library records are treated specifically in Code of Iowa 22.7 "Examination of Public Records (Open Records): paragraphs 13 and 14. The citation is copied here and included in this policy:

22.7 Confidential records.

The following public records shall be kept confidential, unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release such information:

- 13. The records of a library which would, by themselves or when examined with other public records, reveal the identity of the library patron checking out or requesting an item or information from the library. The records shall be released to a criminal or juvenile justice agency only pursuant to an investigation of a particular person or organization suspected of committing a known crime. The records shall be released only upon a judicial determination that a rational connection exists between the requested release of information and legitimate end and that the need for the information is cogent and compelling.**
- 14. The material of a library, museum or archive which has been contributed by a private person to the extent of any limitation that is a condition of the contribution.**

Confidentiality extends to information sought or received and materials consulted, borrowed, or acquired. Confidentiality includes database search records, reference interviews, interlibrary loan records, computer use records, and all other personally identifiable uses of library materials, facilities or services.

In addition to the protections afforded by the Code of Iowa and the Constitution of the United States of America, Ericson Public Library will hold confidential the names of card holders and their registration information and will not provide access for private, public or commercial use.

In keeping with the above statements and the Code of Iowa, the following shall be the policy for Ericson Public Library records;

1. The lawful custodian of the records is the Director of the library.
2. Ericson Public Library registration records and circulation records shall be kept confidential.
3. If there is a reasonable basis to believe library registration records are necessary to the progress of an investigation or prosecution, the request for such records including the justification for the request shall be made to the Director, in writing on official letterhead by an official of the investigation or prosecution workforce, who has provided necessary identification.
4. If there is a reasonable basis to believe library circulation records are necessary to the progress of an investigation or prosecution, the judicial system provides the mechanism for seeking release of such confidential records: the issuance of a court order, following a showing of good cause based on specific facts, by a court of competent jurisdiction.
5. Circulation records shall not be made available to any agency of local, state, or federal government except pursuant to such process, order or subpoena as may be authorized under the authority of, and pursuant to, local, state, or federal law relating to civil, criminal, or administrative discovery procedures or legislative investigative power.
6. The issuance or enforcement of any such process, order, or subpoena shall be resisted until such time as a proper showing of good cause has been made in a court of competent jurisdiction.
7. The library cannot guarantee the confidentiality of information sought or received, or materials consulted or borrowed from third-party digital services to which we provide access. When patrons use those resources, they are subject to the individual third-party terms and privacy policies.

The library record of a child has the same confidentiality protection under Library policies as that of any other patrons with the following exceptions.

- Parents or legal guardians are permitted access to the records of their minor children under the age of 13 (thirteen). The parent/legal guardian must be accompanied by the child or provide the child's library card, and/or provide other acceptable identification. In the case of telephone inquiries, library card number and verification of the child's address, telephone number, and date of birth are required.

- Parents or legal guardians of minor children ages 13-17 are permitted to know only the number of items, not titles, authors, or subjects, charged out on their children's library cards, unless the child accompanies the parent or legal guardian to the Library and grants permission for access. The parent or legal guardian must provide the children's library card or, in the case of telephone inquiries, library card number and verification of the child's address, telephone number, and date of birth.
- Ericson Public Library recognizes that parents or legal guardians who have signed their minor children's applications have assumed financial responsibility for materials charged out to their children's cards; therefore, parents or legal guardians will be provided with specific information about their minor children's library records when materials are overdue or lost.

Unattended Children and Vulnerable Adults

The Library Board of Trustees, Library Administration and staff are attentive to the safety and welfare of children and vulnerable adults who use the library unattended by a parent, guardian or caregiver. Library staff cannot provide babysitting, supervision, or childcare service for library patrons. Library staff cannot assume responsibility for unattended children and vulnerable adults who are on library grounds after hours, nor can library staff extend open hours or remain in the building after hours with library patrons of any age. Staff members have no authorization to assume a guardian's role in these cases or to transport or assume custody of these patrons.

1. Parents/guardians may not leave children under the age of nine years unattended in the library and are responsible for their children's behavior while in the library whether or not the parent is present. Parents will also be responsible for any disturbance or damage done to the library by their child. Children age nine and older may use the library unattended provided that their behavior is not disruptive. Children and young people who are disruptive in the library or on library grounds interfere with library service to all patrons. Disruptive behavior is any form of behavior that seriously or constantly disturbs patrons or staff; damages library property; interferes with library service or endangers the well being of the child or others. The Ericson Public Library is not a child care provider and staff cannot supervise children or act as a substitute for daycare. The library is not responsible for the safety or security of children left unattended.
2. If a child is left unattended in the library, the staff will attempt to locate his/her parents/guardians. Staff members are not permitted to remain after hours with an unattended child or give him/her a ride home. For the safety of the child, the staff will not leave a child under the age of nine outside to wait on a ride. If a parent/guardian cannot be reached by the time the library is to close, the Boone police will be called to escort the child home or keep the child until parents can be reached.
3. If a child is reported missing staff will obtain name, age, and a description of child. They will check all possible areas within the library and page the child on intercom. If child is not found, it is recommended that the police are immediately notified.

Library Behavior Policy

The Library provides a safe, comfortable environment conducive to the use of library materials and facilities. The Library and its services are available to all members of the public. Any activity which interferes with the rights of other patrons to use the library, which could result in injury to oneself or others, or which could cause damage to the building, grounds, materials, or equipment is considered disruptive and unacceptable. Misbehavior will not be allowed in the Library and may be subject to follow-up by law enforcement if necessary.

Patrons whose bodily hygiene is offensive so as to cause a nuisance to others shall be required to leave the building.

Misbehavior includes, but is not limited to:

- Any illegal activity including violating municipal, state, or federal law or codes

- Interference with staff members' performance of duties on Library property. This includes engaging in conversation or behavior that monopolizes the attention of a staff member for an inappropriate period of time; making inappropriate personal comments, sexual advances, harassment of a physical and/or verbal nature; or refusing to comply with a staff directive

- Running and roaming

- Inappropriately touching oneself or others
- Engaging in behavior that endangers or could endanger the safety or health of others
- Congregating on Library premises in a manner which obstructs access or interferes with use of Library facilities or services or where such activity is likely to result in an unsafe or intimidating environment. This includes solicitation and panhandling as well as distribution of printed material or other promotional items, whether handed to library patrons or placed on counters, desks, tables, or posted in bathrooms, public areas, etc.

- Interfering with patrons' use of the library through poor bodily hygiene which is so offensive as to constitute a nuisance

Consequences

Enforcement of these rules is dependent on the severity of the misbehavior as determined by the staff on duty or the Director.

Patrons who engage in misbehavior will be given one warning and asked to behave in an appropriate manner. Patrons who do not modify their behavior after one warning may be asked to leave the Library. Patrons who engage in misbehavior that in the judgment of a staff member is extreme will be ordered to leave the Library building and grounds immediately. If necessary, library staff has the authority to summon the police.

Any person who causes repeated misbehavior in the Library may be warned in person or writing that his or her Library privileges will be revoked and he or she will not be

allowed to enter the building if the behavior continues. If this person continues to cause disturbances, he or she will be banned from the Library for a period of time and/or served with a Trespass Notice. When Library privileges are reinstated, and if the disturbances continue, the Library will take action to bar the individual from Library property for a longer period of time. Library staff has the authority to exclude any disruptive patron and may summon the police if necessary.

Parents are responsible for their children's behavior while on Library property. Disruptive children, as well as adults, will be asked to leave the building after receiving one verbal warning. Police may be called to provide assistance. More than one such occurrence, or the inability of the parent to provide immediate assistance, may result in suspension of Library privileges by the child and his or her parent(s) at the discretion of the Library Director.

Food and Drink Policy

Snacks are permitted but NOT meals or messy, aromatic foods (e.g., hoagies, pizza, salads, soup). Meals are permitted in the meeting room and for library approved programs and events only.

Covered beverages and snacks are permitted; however they are restricted from the following areas:

- by or near computers
- by or near photocopiers, printers and scanners
- microfilm areas
- specific areas as posted

Non-alcoholic beverages are allowed in covered, spill-proof containers. It is the individual's responsibility to throw away wrappers, containers and other trash in trash receptacles. It is the individual's responsibility to report major spills to library staff immediately, so we can arrange for appropriate clean-up. In the event of damage from food or drink to library materials or equipment, costs may be assessed to the responsible patron.

Patrons who fail to follow these guidelines will receive one verbal warning and then banned to have any food or drink in the library.

The Ericson Public Library wants to maintain an environment that is appropriate for the protection of library materials. If not picked up, food and beverages can attract rodents, cockroaches, silverfish and other unwanted pests that damage library materials. By complying with the policies, users and staff will help maintain a clean work environment, a pest-free building, and aid in the preservation of our collections for future generations, while enjoying some food and drink in many areas of the building.

Registered Sex Offenders Policy

The purpose of this policy is to ensure that the Ericson Public Library is in compliance with Iowa Code Chapter 692A that excludes registered sex offenders convicted of offenses against minors from public libraries. Sex offenders convicted of a sex offense against a minor shall not be present upon the real property of a public library and they shall not loiter within three hundred feet of the real property boundary of a public library. The Code provides an exception to this prohibition if the library administrator provides written permission.

The Library Director will not give written permission for registered sex offenders convicted of sex offenses against minors to be in the library. This decision can be appealed to the Library Board of Trustees. The issuance of a library card at any time is NOT permission to enter the library.

Registered sex offenders convicted of sex offenses against minors may be eligible for some library services. They may receive information via telephone or online. They may register for a card directly with the Director, or her designee, via telephone or online, and make arrangements for a person of their choosing to select, check out, and return materials using that card. They may use that card to access the library's online materials or databases. Person barred from the library property under the law will not be served by the library's homebound delivery service.

Violations of this policy will be immediately reported to law enforcement and violators will lose all library privileges. Violators will be subject to prosecution for violation of the Iowa Code.

Materials Selection

1. Objectives

The primary objective of the library is to serve the needs of the community. Because the library serves a wide variety of people with a wide range of experiences, education and interests, the library's materials collection must be diversified enough to encompass a variety of needs, interests and opinions.

2. Quality and balance in the collection

The ultimate responsibility for ensuring quality and balance in the entire collection to support the needs of the community belongs to the Library Director. Authority for selection of materials is delegated by the Library Board of Trustees to the Library Director and such members of the library staff as the Director designates. Serious consideration will be given to suggestions for purchase made by citizens of the community within the needs of the collection, as determined by the Library Director. Any library material added to the library collection shall be held to be selected by the Board of Trustees.

3. Points of view in the collection

- a. The library will provide a significant source of culture and ideas for the community by providing as many views as possible on all possible subjects.
- b. In an effort to support the obligation of the public library to be a forum for the free exchange of all ideas, and in its pursuit of those library materials which offer the widest possible variety of viewpoints, the library shall not consider the popularity or unpopularity of their authors or their authors' views.
- c. In areas where there is honest disagreement concerning the truth or wisdom of particular issues, ideas or beliefs, the library shall make an effort to see that the printed, visual or audio points of view on all sides of the issues, ideas or beliefs are represented in the collection.
- d. The frankness of language or controversy of manner used by an author shall not be considered a determining factor for selection.

4. Recreational materials in the collection

The library will provide a significant source of recreational materials for reading intended for all ages and interests.

5. Areas of consideration for selection

Specific areas of consideration for evaluating a particular item to determine its suitability for inclusion in the library collection will include the following:

- Relevance to the present and potential needs of the community
- Accuracy, timeliness, currency, and validity
- Current or historical significance of author or subject
- Suitability of the physical form for library use
- Public demand and/or local interest
- Comparison with other available titles in existing collection
- Cost
- Scarcity of materials on the subject
- Comprehension and depth of treatment
- Diversity of viewpoint
- Literary style, importance, or originality
- Cultural significance and critical acclaim
- Sustained interest

6. Evaluation

Evaluation shall be based on reviews in professional and other literature, and upon the professional judgment of the library staff.

7. Specific materials

Specific areas of consideration for particular types of materials will include the following:

- a. Periodicals: Magazines or similar serial publications should be selected after considering the importance of the title and contents to the needs of the community, the number of other titles currently received in the same subject area, and the availability of adequate access through indexes.
- b. Children's materials: The selection of children's materials shall follow the same rules and policies as those for other library materials, under the supervision of the Assistant Director, Children's Department Librarian and the Library Director.
- c. Binding: The type of binding available for a book shall not be considered a problem in the purchase of materials.
- d. Foreign language materials: Standard foreign language materials will be acquired for general reference purposes, but no effort will be made to acquire a large collection of any foreign language.
- e. Microforms and audiovisual materials. Microforms, audio and visual non-book materials will be acquired as appropriate to the needs of the community. Such materials will be subject to the same criteria of selection as apply to other materials.
- f. Archives and local history materials: The library will retain, organize and make available all items of any type which may be of interest to the future and may be significant to the history of the community, insofar as this does not interfere with the collections of any historical societies and museums.

- g. Rare books and manuscripts. No attempt shall be made by the library to acquire single titles or collections of rare books, manuscripts, private papers or incunabula. Offers of gifts of such items will be subject to the gift policy.
- h. Out of print materials: A reasonable effort will be made to locate and obtain out of print materials, which would be significant for the collection.
- i. Materials of unusual cost. Items that are requested which cost more than \$100.00 shall be referred to the Board of Trustees. Exception to this shall be made for standards sets of reference books such as encyclopedias.

Adoption of National Statements

The Board of Trustees adopts and declares that it will adhere to and support the Library Bill of Rights and the Freedom to Read Statement adopted by the American Library Association, both of which are made a part hereof:

The Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; inclusion of "age" reaffirmed January 23, 1996.

The Freedom to Read Statement

The freedom to read is essential to our democracy. It is continuously under attack. Private groups and public authorities in various parts of the country are working to remove or limit access to reading materials, to censor content in schools, to label "controversial"

views, to distribute lists of "objectionable" books or authors, and to purge libraries.

These actions apparently rise from a view that our national tradition of free expression is no longer valid; that censorship and suppression are needed to counter threats to safety or national security, as well as to avoid the subversion of politics and the corruption of morals. We, as individuals devoted to reading and as librarians and publishers responsible for disseminating ideas, wish to assert the public interest in the preservation of the freedom to read.

Most attempts at suppression rest on a denial of the fundamental premise of democracy: that the ordinary individual, by exercising critical judgment, will select the good and reject the bad. We trust Americans to recognize propaganda and misinformation, and to make their own decisions about what they read and believe. We do not believe they are prepared to sacrifice their heritage of a free press in order to be "protected" against what others think may be bad for them. We believe they still favor free enterprise in ideas and expression.

These efforts at suppression are related to a larger pattern of pressures being brought against education, the press, art and images, films, broadcast media, and the Internet. The problem is not only one of actual censorship. The shadow of fear cast by these pressures leads, we suspect, to an even larger voluntary curtailment of expression by those who seek to avoid controversy or unwelcome scrutiny by government officials. Such pressure toward conformity is perhaps natural to a time of accelerated change. And yet suppression is never more dangerous than in such a time of social tension. Freedom has given the United States the elasticity to endure strain. Freedom keeps open the path of novel and creative solutions, and enables change to come by choice. Every silencing of a heresy, every enforcement of an orthodoxy, diminishes the toughness and resilience of our society and leaves it the less able to deal with controversy and difference.

Now as always in our history, reading is among our greatest freedoms. The freedom to read and write is almost the only means for making generally available ideas or manners of expression that can initially command only a small audience. The written word is the natural medium for the new idea and the untried voice from which come the original contributions to social growth. It is essential to the extended discussion that serious thought requires, and to the accumulation of knowledge and ideas into organized collections.

We believe that free communication is essential to the preservation of a free society and a creative culture. We believe that these pressures toward conformity present the danger of limiting the range and variety of inquiry and expression on which our democracy and our culture depend. We believe that every American community must jealously guard the freedom to publish and to circulate, in order to preserve its own freedom to read. We believe that publishers and librarians have a profound responsibility to give validity to that freedom to read by making it possible for the readers to choose freely from a variety of offerings.

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*

Creative thought is by definition new, and what is new is different. The bearer of every new thought is a rebel until that idea is refined and tested. Totalitarian systems attempt to maintain themselves in power by the ruthless suppression of any concept that challenges the established orthodoxy. The power of a democratic system to adapt to change is vastly strengthened by the freedom of its citizens to choose widely from among conflicting opinions offered freely to them. To stifle every nonconformist idea at birth would mark the end of the democratic process.

Furthermore, only through the constant activity of weighing and selecting can the democratic mind attain the strength demanded by times like these. We need to know not only what we believe but why we believe it.

2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*

Publishers and librarians serve the educational process by helping to make available knowledge and ideas required for the growth of the mind and the increase of learning. They do not foster education by imposing as mentors the patterns of their own thought. The people should have the freedom to read and consider a broader range of ideas than those that may be held by any single librarian or publisher or government or church. It is wrong that what one can read should be confined to what another thinks proper.

3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*

No art or literature can flourish if it is to be measured by the political views or private lives of its creators. No society of free people can flourish that draws up lists of writers to whom it will not listen, whatever they may have to say.

4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*

To some, much of modern expression is shocking. But is not much of life itself shocking? We cut off literature at the source if we prevent writers from dealing with the stuff of life. Parents and teachers have a responsibility to prepare the young to meet the diversity of experiences in life to which they will be exposed, as they have a responsibility to help them learn to think critically for themselves. These are affirmative responsibilities, not to be discharged simply by preventing them from

reading works for which they are not yet prepared. In these matters values differ, and values cannot be legislated; nor can machinery be devised that will suit the demands of one group without limiting the freedom of others.

5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*

The ideal of labeling presupposes the existence of individuals or groups with wisdom to determine by authority what is good or bad for others. It presupposes that individuals must be directed in making up their minds about the ideas they examine. But Americans do not need others to do their thinking for them.

6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*

It is inevitable in the give and take of the democratic process that the political, the moral, or the aesthetic concepts of an individual or group will occasionally collide with those of another individual or group. In a free society individuals are free to determine for themselves what they wish to read, and each group is free to determine what it will recommend to its freely associated members. But no group has the right to take the law into its own hands, and to impose its own concept of politics or morality upon other members of a democratic society. Freedom is no freedom if it is accorded only to the accepted and the inoffensive. Further, democratic societies are more safe, free, and creative when the free flow of public information is not restricted by governmental prerogative or self-censorship.

7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

The freedom to read is of little consequence when the reader cannot obtain matter fit for that reader's purpose. What is needed is not only the absence of restraint, but the positive provision of opportunity for the people to read the best that has been thought and said. Books are the major channel by which the intellectual inheritance is handed down, and the principal means of its testing and growth. The defense of the freedom to read requires of all publishers and librarians the utmost of their faculties, and deserves of all Americans the fullest of their support.

We state these propositions neither lightly nor as easy generalizations. We here stake out a lofty claim for the value of the written word. We do so because we believe that it is possessed of enormous variety and usefulness, worthy of cherishing and keeping free. We realize that the application of these propositions may mean the dissemination of ideas and manners of expression that are repugnant to many persons. We do not state these propositions in the comfortable belief that what people read is unimportant. We believe rather that what people read is deeply

important; that ideas can be dangerous; but that the suppression of ideas is fatal to a democratic society. Freedom itself is a dangerous way of life, but it is ours.

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953, by the ALA Council and the AAP Freedom to Read Committee; amended January 28, 1972; January 16, 1991; July 12, 2000; June 30, 2004.

Collection Maintenance and Weeding

1. In order to ensure that the collection remains relevant, in good physical condition, and continues to meet the needs of the community, items will be evaluated on an ongoing basis for potential withdrawal.
2. Materials to be weeded include the following:
 - a. duplicate copies
 - b. materials no longer in demand
 - c. older editions of works replaced by newer editions
 - d. obsolete materials
 - e. damaged, soiled, or worn materials
 - f. out of date, contain inaccurate information, or are not historically significant
3. Weeded materials may be discarded or sold at the library or at the Friends of the Ericson Public Library book sale, depending on the condition of the item.

Donations

Gift Items

The library gladly accepts the donation of books and other items with the understanding that the library may do with them as it sees fit. Gifts donated with special conditions or restrictions are generally not accepted. No gift materials may be added to the collection without approval of the Library Director.

Gift materials will be added to the collection if they are needed and if they meet the selection standards that are applied to all materials added to the collection. Gifts accepted for the collection become the property of the Ericson Public Library. Gifts not added to the collection will be disposed of in a way that will be most advantageous to the library.

Upon receipt of gift materials, a receipt is given to the donor acknowledging the gift items. Due to the Internal Revenue Service regulations, the library is prohibited from providing an estimate of monetary value of the donation. Staff members may give the donor a receipt showing the number and type of items (such as “17 hardcover books”). The library reserves the right to decide when a gift added to the collection must be withdrawn.

Memorials

The library actively encourages donations as memorials and as tributes to living individuals on special occasions. Such acts provide the library with an opportunity to add materials or equipment which it might not otherwise be able to afford. Memorials and tributes are accepted in the form of monetary donations. The library will make every effort to honor the donor’s wishes regarding the selection to be purchased. However, the final decision rests with the library in accordance with its needs and selection criteria. A bookplate will be placed in the item purchased with the memorial and tribute gift funds. The library will send letters to notify parties of the gift. In those instances where an individual wishes to donate a memorial book from his personal library, the decision to accept the gift will be made by the Library Director. If it is not accepted, the book will be returned to the donor.

Acceptance of gifts

Acceptance of any gift, including cash, securities, real or personal property, will be determined by the Library Board based on their suitability to the purposes and needs of the library, laws and regulations that govern the ownership of the gift, and the library's ability to meet the requirements, if any, associated with the donation. The Library Board reserves the right to refuse or reject any gift.

Challenges to Library Material

1. Policy on censorship

- a. The primary purpose of the Ericson Public Library is to purchase, organize and make readily accessible books and other printed, recorded, electronic and filmed materials, to stimulate interest, and give guidance in their free use to everyone in the community regardless of age, sex, race, creed or social, economic and educational level.
- b. In the provision of library materials, broad areas are considered:
 - 1) Informational—having to serve the community as a center of information by having available authoritative materials for the answering of specific questions.
 - 2) Educational—to provide reliable materials available to help meet the needs of patrons in their pursuit of formal and informal education.
 - 3) Recreational—to encourage reading for enjoyable use of leisure time.
- c. The library welcomes comments, suggestions and criticisms of its materials. However, no citizen in a democracy has a right to prevent another from reading or viewing a specific item by demanding its removal from the library's shelves. The Ericson Public Library Board of Trustees declares as a matter of firm principle that no library material shall be removed from this library under any pressure, save after a determination held under procedures set forth herein.
- d. The Ericson Public Library Board of Trustees believes that censorship of library materials is purely an individual matter, and declares that while anyone is free to reject for him/herself books or materials of which he/she does not approve, no person may exercise this right of censorship to restrict the freedom to read of other persons.

2. Requests for reconsideration of library materials

- a. Serious question of any material in the library collection by any person or group in an effort to have the material removed from the collection must be submitted in writing and signed by an individual person, or an individual person representing a group, and given to the Library Director to be submitted to the Board of Trustees. The Library Director and/or Library Board will only consider objections to library materials which come from residents of the City of Boone, Boone County or contract communities. An individual item in the collection will be reviewed for any given reason or set of grounds only once per calendar year. Library Director/Board decisions regarding objections or challenges will be kept on file for public review for

that duration. In the case of a patron challenging or objecting to multiple items at once, the challenges will be reviewed by the Board of Trustees. Such written statements must be received at least two weeks prior to the regular monthly Board meeting. A copy of a form to be used for such submission is attached herein.

- b. The Board of Trustees shall consider the material in question, and refer to the Materials Selection and other library policies for guidance concerning the material.
- c. The Library Director shall, on behalf of the Board of Trustees, reply in writing to the person submitting the request for reconsideration within ten days of the date of such Board meeting, citing any decision or action taken by the Board.
- d. If satisfactory resolution of a request for reconsideration is not achieved, a Citizens' Review Committee shall be enacted to consider the material in question, and to deliver an opinion. The committee shall be appointed by majority vote of the Board of Trustees and shall include seven people, including the following: a person in charge of library materials at a parochial school; a person in charge of library materials at a high school; a person in charge of library materials at an elementary school; a lawyer; and three others chosen by the Board of Trustees. The committee will select a chair, set a meeting time, and consider the material in question. All meetings will be open to the public. After all meetings deemed necessary by the committee, their opinion of the material in question will be delivered to the Board.
- e. The Board of Trustees will review the decision of the Citizens' Review Committee and make a final decision on the material.

Interlibrary Loans

Interlibrary loan (ILL) is a process through which library material, or a copy of the material, is made available by one library to another upon request. If the Ericson Public Library does not have the material that a user needs within its collection, library staff will attempt to borrow it from another library via the ILL system. Ericson Public Library will participate in SILO and OCLC ILL programs and follow their protocols.

Eligible Borrowers

Interlibrary loan service is available to Boone city and county resident library users in good standing (i.e., card is not blocked for fines, overdue materials, or incorrect contact information) who have been issued a current Ericson Public Library borrower's card.

Requesting Interlibrary Loan Service

An interlibrary borrowing request is initiated by submitting a completed ILL request form to a Library service desk or from the online request form. Requests will also be accepted by telephone from any Ericson Public Library cardholder in good standing. When requesting an item for interlibrary loan, the following information will assist library staff in locating and requesting the item: exact title of the item, author or editor's full name, publisher, and date of publication.

Request Restrictions

1. Material Types

Some types of materials are not available for lending by other libraries and, consequently, the following will not be requested on interlibrary loan: popular audio-visual materials (videos, and sound recordings); reference material (e.g. directories, encyclopedia sets, indexes, standard library reference tools); bound volumes or individual issues of magazines and newspapers; software; rare, archival, manuscript or fragile items; popular books published within the last year; and books currently in the collection of the Ericson Public Library which are not listed as lost or missing.

Copyright Compliance

The Ericson Public Library complies with Federal copyright law and CONTU (National Commission on New Technological Uses of Copyrighted Works) guidelines.

Circulation of Interlibrary Loan Materials

The library lending the material sets the due date. Typically, interlibrary loan materials will be loaned to patrons for a two-week period.

Library users are encouraged to return materials at the end of the loan period so that materials are not absent from the lending library for an unreasonable length of time. Renewals are only permitted if the lending library allows such an extension. Requests to renew an item must be submitted two days in advance of the due date for the item.

Borrowing Fees and Overdue Fines

The library will make every effort to request materials from those libraries who do not charge for lending their materials. Many libraries, however, are now charging for lending materials from their collections. Library users are responsible for any charges applied by the lending library including photocopy charges, postage for the loan of microfilm or microfiche, overdue fines, or fees for damaged or lost materials. Library staff will make every effort to notify the library user as to any fees that will be assessed by the lending library. If lending charges are not paid at the time the material is picked up, they will be attached to the user's circulation record and handled in the same manner as fines and other charges.

The library user is responsible for any charges assessed by the lending library for damage to an interlibrary loan item. If an interlibrary loan item is lost, the library user will be responsible for the cost of the item.

Library users who request an item via interlibrary loan and fail to pick it up upon notification may lose their privileges to use ILL service.

Lending Materials to Other Libraries

There will be no charge to other libraries to borrow materials from the Ericson Public Library's collection, nor will charges be assessed for overdue items. If an item is not returned by the borrowing library to the Ericson Public Library, the borrowing library is responsible for the replacement cost of the item. Ericson Public Library materials will be lent to other libraries for four weeks.

The Ericson Public Library will lend photocopies of periodical articles or pages from books in accordance with federal copyright law. In order to assure that local Ericson Public Library users have access to the latest materials, the following items will not be loaned via interlibrary loan: popular books published within the last year; books with long reserve lists; items designated as "high demand"; popular audio-visual materials (videos and sound recordings); software; reference material (e.g. directories, encyclopedia sets, indexes, standard library reference tools); bound or current issues of magazines and newspapers; microfilm; and rare, archival, manuscript or fragile items.

Outreach Homebound and Institution Service

Outreach Service

Outreach services are intended to provide impactful library service beyond the borders of our library facility – to take library service to our community. The library provides story time and other programming for institutions that serve children, their families, and adults that are unable to come to the library. When this programming takes place at the institution rather than at the library, it is considered outreach. The purpose of outreach programming is to introduce children from birth through seniors to the Ericson Public Library and its services, as well as provide a variety of age-appropriate literacy experiences.

Eligible institutions include, but are not necessarily limited to, senior care centers or facilities, public and private schools, preschools, licensed daycare centers, Head Start, and social agencies such as homeless shelters and shelters for abused women and children. The final determination of eligibility is left to the discretion of the Library Director.

Homebound service

Any person within the city limits of Boone who is temporarily or permanently unable to come to the library because of an illness or physical condition may request that books and library materials be brought to their home; service is available depending on staffing. There is no charge for this service. Must have a card in good standing.

Institution service

A selection of books will be taken to Westhaven Community, the Eastern Star Masonic Home, the Regency Retirement Residence and the Beckwith Adult Day Care each month as requested per institution. The books will be checked out to each facility, which shall be responsible for their return.

Programs

The Ericson Public Library will provide programming to further our mission of promoting an educated citizenry and enriching personal lives. These programs are provided to help meet the educational, informational, cultural, and recreational needs of the residents of the community of Boone. Programming is provided to appeal to citizens of all ages but individual programs may be designed for a specific audience based on age. Programs targeting a specific age group will be promoted as such. All library programs are open to the general public.

While some programming will be generated internally by library staff using library resources or with support of the Friends of the Ericson Public Library, the library will also incorporate cooperative programming with other agencies, organizations, and educational institutions capitalizing on existing knowledge and expertise. When grant – sponsored programs are held, dictates and rules of the grant will be followed. Library program presenters who are affiliates of commercial enterprises may provide general knowledge without direct promotion of a business enterprise resulting in potential profit. In addition, library programming shall not exclude topics or speakers because they may be controversial. Acceptance of a program does not constitute endorsement by the library of the individual presenter’s policies or beliefs. Library-initiated programs will provide for the “interest, information, and enlightenment of all people of the community the library serves” as outlined in the American Library Association’s *Library Bill of Rights*.

No fees will be charged to people attending library programs except with the approval of the Library Director. The only items that may be sold to the public are books, recordings, or works of art created by presenters. The performer or his/her associate must handle the sale of these items. The Ericson Public Library may provide off-site outreach or virtual programming to ensure equity of access and service to all patrons. These programs could include storytime events at local preschools or presentations to community groups or organizations for the purpose of providing or promoting library services. Library programs or classes may be cancelled for several reasons including cases of severe weather, presenter conflict, or low registration numbers.

Genealogical Research

1. Local patron requests

Library staff will assist patrons to find the correct microfilm reel or book to search in. Patrons are expected, if physically able, to conduct their own research.

2. Out-of-town requests

Research requests received by mail or e-mail will be directed to the Adult Services Librarian. If research request is limited and specific in nature the librarian will make an attempt to find the information required. Our library staff does not conduct general research and will consult indexed material only. More advanced research requests will be referred to other non-profit organizations.

3. The library reserves the right to discontinue or disregard requests from professional genealogists, fee researchers or other individuals who attempt to use our reference services for monetary gain or from patrons who utilize these services excessively. Photocopies are ten cents per page.

Internet Acceptable Use Policy

PURPOSE STATEMENT

The Ericson Public Library provides free, unsecured access to the Internet to connect the public to the world of ideas and information, and to provide equal access to that information for all individuals in the community. This policy applies to all use of the library's Internet service, whether privately owned or library-provided devices are operated. Ericson Public Library expressly disclaims any liability or responsibility arising from use of the Internet or information obtained through the Internet.

RULES OF CONDUCT FOR ALL INTERNET USERS IN THE LIBRARY

1. Internet computers will not be used for illegal activity or to access illegal or obscene materials. PATRONS USING THE LIBRARY'S INTERNET TERMINALS

1. Ericson Public Library does not impose blocking or filtering software to limit access to Internet sites. As with other library materials, individuals must accept responsibility for evaluating the content of resources they view, read, or listen to. Monitoring and any restriction of a child's access is the responsibility of the parent or legal guardian.
 2. A log-in, time-limiting system will be used to insure equitable access.
 3. Installation or modification of software or hardware is prohibited.

- b. In the event of such unsatisfactory conduct by an employee, the Library Director will normally first try to correct the situation through discussion with the employee. In all cases, the right to adjust actions to suit the circumstances is reserved.

2. Procedures

The following procedures are established to resolve problems of unsatisfactory conduct which are not of a serious nature.

a. Step one: Verbal warning

The Library director will normally give the employee a verbal warning, and may place a written notation of the warning in the employee's personnel file.

If the unsatisfactory conduct continues, the Library Director will issue a written warning. A copy will be placed in the employee's personnel file.

Complaint Procedure

1. Purpose

- a. It is the intent of all City of Boone officials and the Library Board of Trustees and Library Director to be fair and reasonable with all employees at all times. However, in the relationships of employee to employee or employee to employer, problems may develop. Generally, satisfactory solutions to any problems you may encounter are not found by discussing it with fellow employees. Fair handling of a problem or a complaint cannot be given if you do not let the proper people know of its existence.
- b. If you have a question about the interpretation or application of a City or library policy, are in disagreement with a fellow worker, have a complaint of unfair treatment, or have a problem which has not been resolved to your satisfaction, you may use the following procedures for solution of such problems without fear of recrimination. Failure to comply with any of the time limits listed below shall constitute a waiver of the complaint. Generally, the Library Director is in the best position to solve any problems that may arise.
- c. The purpose of the Complaint Procedure is to ensure fair and equitable treatment for all employees, eliminate dissatisfaction, and resolve problems so that constructive work-producing relationships can be maintained for the benefit of all.

2. Procedure

- a. Step one: Immediate supervisor

Discuss the problem with your immediate supervisor in an attempt to resolve the problem informally. If the problem is not settled to your satisfaction, proceed to step two.

- b. Step two: Library Director

Bring the problem to the attention of the Library Director in writing, within five working days of the occurrence of the problem creating the complaint. Explain the nature of the problem and suggest a resolution. The Library Director will investigate the complaint and provide a resolution or an explanation in writing, within five working days of receipt of the complaint. If the problem is not settled to your satisfaction, proceed to step three.

- c. Step three: Library Board of Trustees

If you are dissatisfied with the resolution or explanation provided by the Library Director, you will have an additional five working days to appeal your complaint to the Library Board of Trustees Personnel Committee. The Committee will review the

complaint, and if necessary, meet within fifteen days to consider it. The Committee may schedule a meeting of the Board of Trustees as a whole to consider the complaint. The committee will provide a resolution or an explanation in writing, within fifteen days after such meeting of the Board as a whole. The decision of the Committee will be final and binding.

d. Step four: City Administrator/City Council

In cases where an employee is discharged, the employee may appeal the decision of the Board of Trustees Personnel Committee to the Policy, Administration and Employee Relations Committee of the City Council. The Employee must notify the City Administrator in writing within five days of the decision for discharge if an appeal is desired. The Policy, Administration and Employee Relations Committee will review the appeal and may schedule meetings with the employee, as it deems necessary. A decision on the appeal will be provided within thirty days of receiving the appeal. In such discharge appeals, the decision of the Policy, Administration and Employee Relations Committee will be final and binding.

Volunteer Policy

The Ericson Public Library's volunteers are an important extension of the Library's staff. Volunteers generally provide support services to paid staff and work on special projects. Volunteers perform a wide variety of tasks that are important to the institution. Volunteers are expected to act in accordance with Library policies and City policies and to reflect positive customer service attitudes to all library patrons. The following policy is designed to promote a maximum degree of excellence for volunteers of the Ericson Public Library.

Overall Policy on Utilization of Volunteers

In order to achieve the vision and mission statement of the Ericson Public Library, we view the active participation of citizens, of a variety of ages, as a valuable resource to the Library. After fulfilling Library procedures, the Library accepts and encourages the involvement of volunteers at most levels of the Library and within appropriate programs and activities. Volunteers shall be extended the right to be given meaningful assignments, the right to be treated as an equal, the right to effective supervision, the right to full involvement and participation and the right to recognition of good work.

Selection of Volunteers

Volunteers must be fourteen (14) years of age or older. Volunteers are selected based on their qualifications in relation to the needs of the Library at any given time, and based on their ability to commit to a consistent schedule of volunteer hours. Selection of volunteers is the responsibility of the Library Director.

Prospective volunteers are requested to fill out an application form and will be interviewed. If there are no suitable volunteer opportunities, application forms will be kept on file for a period of one year. Applicants will be called if a project is identified which matches their interests or qualifications.

Definition of a Volunteer

One who performs a service of his or her own free will; one who contributes time, energy and talents directly or on behalf of the Ericson Public Library and is not paid by Library funds. All volunteers must be accepted and enrolled by the Library prior to performance of assigned tasks.

Roles and Responsibilities

The Library depends on its volunteers for a wide variety of tasks which otherwise need to be assigned to Library staff. It is therefore expected that volunteers be reliable in their

commitment to the Library and to notify the Library in advance if they are unable to work their regularly scheduled time slot. In turn, volunteers will be notified immediately on any given day when the Library opens late or closes early for any reason.

Individuals are asked to wear a name badge that identifies them as a volunteer while they are working at the Library. Volunteers are expected to refer all requests for information to the Library staff, other than purely directional questions (e.g. where is the bathroom; where is the children's room, etc.).

Volunteers are asked to keep an accurate record of the hours they work each week, for statistical purposes. Volunteers under the age of 18 will have to abide by the State Child Labor Laws.

Volunteers will receive specific training in their assigned duties from the Library staff member who directly supervises their work. All reasonable care will be taken to ensure the safety of volunteers.

Volunteers shall only work during hours when adequate supervision is available. Individual work schedules and specific time commitments will be mutually arranged in advance by the volunteer and the Library Director or immediate supervisor.

Guidelines for Volunteers

1. Each volunteer is required to wear a volunteer badge.
 2. Volunteers will be required to attend training sessions.
 3. Special accommodations will be made upon request.
 4. A background check may be made on each volunteer.
 5. Volunteers will make note of time donated in the Volunteer Notebook.
 6. Should a volunteer have a grievance with a staff person, another volunteer or library patron, every attempt will be made to handle the situation through the Library Director.
 7. The Ericson Public Library reserves the right to terminate the services of the volunteer.
 8. Volunteers may be used to increase the Library's services.
 9. Volunteers may not be used to establish and maintain new Library services.
 10. Volunteers will not be used to replace or reduce the number of paid staff.
 11. Volunteers will need to sign a release and waiver of liability (included on application).
 12. Volunteers should expect to fulfill a commitment agreed upon with the Library.
 13. Volunteers are recognized as contributors to the goals and services of the Library.
 14. Volunteers are responsible for maintaining the confidentiality of ALL Library information. Failure to maintain confidentiality will result in immediate termination of the volunteer.
 15. The Library will, upon request, provide letters of reference for the volunteer, if deemed appropriate.
-

16. All volunteers are registered by completing an application form.
17. Procedures and requirements for the volunteer will vary with age of volunteer.
18. All personal information about the volunteer is for internal use only.
19. Written parental permission will be needed for any of the youth volunteers.
20. Volunteers will not be expected to do anything staff would not do.
21. Discriminatory or racist incidents will not be tolerated.
22. Volunteers are prohibited from being under the influence of, using, possessing, selling or otherwise being involved with illegal substances and alcohol.

3. Helping with programs and projects
4. Being a group leader with the Summer Reading Program

5. Special Projects

Community Service Volunteers

Persons who seek volunteer assignments at the Ericson Public Library to meet a requirement set by an outside agency for the performance of community service shall be subject to the above selection process and all other provisions of this policy.

Employment of Volunteers in the Library

Volunteers should follow the Ericson Public Library employment process in order to obtain paid employment in the Library.

Leaving Volunteer Service

A volunteer selected for work on a special project will discontinue service when that project is completed or terminated, unless other arrangements have been made.

Whenever possible, the Library will make an effort to reassign the volunteer. However,

if no other mutually suitable volunteer position exists at the time, the volunteer will be asked to discontinue service and his or her application will be kept on file for one year, subject to review should a suitable position become available during that time. In the event that a volunteer is unable to adequately perform the duties assigned to him or her, and no other appropriate positions are available, the volunteer may be removed from service.

Work Rules and Discipline

As the Library is a department of the City, City policies and rules will be followed. The City has adopted the following rules. Each rule reflects a common understanding of what behavior is acceptable in the work place. These rules can be modified by the City as changing conditions warrant. The City may take whatever disciplinary action it deems appropriate in response to an offense, even if it is not included in the following list. Any offense, whether or not it is included in these work rules, may result in disciplinary action, up to and including dismissal, without prior warning. The City expects your complete cooperation in observing these rules which have been designed for our common protection and benefit.

Situations that the Library believes may respond to corrective discipline may be handled as follows:

1. Verbal
2. Written: If unsatisfactory conduct continues, a written warning may be issued.
3. Dismissal: If sufficient improvement has not been made, or conduct continues, dismissal of volunteer will follow.

The Library/City reserves the right to use whatever discipline it decides is appropriate in any situation, up to and including dismissal, without regard to the progressive discipline guidelines explained above.
